**Time Extension for  
RESEARCH GRANTS****FY: 2025-2026**

The Bangladesh Medical Research Council (BMRC) hereby announces an extension of the submission deadline for research project proposals for the year 2025. The new deadline for submission is 21 August 2025, by 12:00 Noon (excluding holidays). This extension applies to all proposals related to the following research areas: Basic Medical Science, Epidemiology, Clinical and Interventional Studies, Infection Prevention & Control (including healthcare workers' protection), Non-Communicable Diseases (NCDs), Women's Health, Child Health, Social & Behavioral Science, Primary Health Care, Health Education, Health System & Informatics, Environment & Climate Change (related to human health), IT & Digital Health, and Genetics & Molecular Biology.

Researchers are required to submit 1 Master Copy and 3 Reviewer's Copies of their completed project protocol, along with a soft copy in Word format and a Data Bank Folder as mentioned via the previous advertisement. It is important to note that, if selected, ethical approval for the projects must be obtained from the National Research Ethics Committee (NREC) of BMRC, following the established rules and procedures.
